

Sierra Conference Center

Department Contact: James King ~ ext. 2836 ~ events@cerritoscenter.com

The **Sierra Conference Center** at the **Cerritos Center for the Performing Arts** features a technologically advanced grid of tracks and moveable partitions, which can divide the 5,100-square-foot space from one large open room to five smaller meeting places. A hidden retractable seating unit can be opened into part of the room creating the Sierra Room Theater, perfect for fashion shows, guest speakers and presentations. Additional amenities available include a state-of-the-art sound system, lighting and a dance floor for parties and wedding receptions.

Six Burner Gas stove w/ Broiler
Wolf Dual Oven
Randell Refrigerator
Coffee Machine
Ice Machine

Sierra Nights Configurations

Sierra Nights is a series of shows that can be done in the Sierra Conference Center. These layouts are design specific and have fixed locations. They can be made available to clients looking for a performance type set-up, if the schedule will allow. Additional labor and equipment costs would be involved so please discuss the options with the Events staff. Be aware that all Sierra Nights set-ups block access to the restrooms in the room and severely limit the usefulness of the kitchen area.

Sierra Studio Theatre

Seating Capacity: 160

Seating Style: Tiered seating stepping up from floor level

Stage:

- 24'x 24'x2" stage with risers laying on carpet
- A raised stage is available but changes to the wings would be needed to accommodate steps and would limit off stage space
- Black curtains on 3 sides
- Stage entrance US and DS left and right
- Stairs to house: Not needed
- Audio and Lighting positions in booth at top of audience riser

Sierra Nights Cabaret

Seating Capacity: 242

Seating Style: 40- 32" tables with 6 chairs each; Flat floor

Stage:

- 36'w x16'd x32"h stage made up of Wenger Versalite risers w/ masking
- Wings: 8'x 8' section at stage level on ea side with an additional 6' down 4 steps at floor level
- Black curtains along US stage edge, side tabs left and right.
- Stage entrance US and DS left and right
- Stairs to House: Available on stage left or right; Some seat kills may be necessary
- FOH Audio position in back of room house right at floor level or in Booth.
- Lighting in booth

Sierra Nights Theater

Seating Capacity: 330

Seating Style: 11 rows of 30 seats on a flat floor;
12th row available on sides only (depending on FOH audio position)

Stage:

- 36'w x16'd x32"h stage made up of Wenger Versalite risers w/ masking
- Wings: 8'x 8' section at stage level on ea side; 4 steps to floor level
- Black curtains along US stage edge, side tabs left and right.
- Stage entrance US and DS left and right
- Stairs to House: Available on stage left or right; Some seat kills may be necessary
- FOH Audio position in back of room house right at floor level or in Booth
- Lighting in booth
